Sony VAIO computers are thinking about expanding their computing resources with a new platform. In particular, many people want to buy an ion laptop or home PC. Presented software update Sony VAIO provides the ability to use additional resources from two sources at the same time. You will be able to use both USB ports in a single channel, while maintaining the same amount of memory (that is, you can operate data in both directions). It is important that the amount of space occupied by the system is doubled. This means that now you always have free space on your hard drive (even if the amount of RAM is currently 4 GB). In addition, the hard drive - up to 256 GB. Interface modes change. You can customize PUSH, Shift, Force, Handle, and use draggable CTRL or ALT commands. There is also a style customizer that allows you to customize the interface and style for different applications and devices. Finally, it became possible to create your own sounds by clicking on the corresponding button on the toolbar. In addition, there will be no ads on all discs until December 22. Kodak PIXMA MX5500 New digital camera with 92 aperture function is equipped with a high-performance 5 megapixel matrix and proprietary Spectra shots technology.
